RANDY KOUFALIS

Master sculptor and mold maker Randy Koufalas, has over 25 years experience in sculpting and design. He was born in Vancouver, British Columbia where he continues to reside. Randy blends old motifs and traditions with his own unique style to create both functional and decorative works of art and inspiration. He laboriously builds every mold that is used to reproduce all of our original pieces. These urns are a stunning celebration of artistry and imagination, captured in stone, timeless for all to enjoy. The concept and design process of each piece begins long before any actual sculpting takes place. Most of our designs come from our interpretation of architectural elements found in our environment. Hours of research, both technical and historical, go into every piece we design. Initial concept sketches are compiled and modified and prototypes are completed. Using these rough 3-D models as references, we begin the creative process of turning our models into finished sculptures. Our products are completely hand made and hand painted by a very talented team of artisans. Each piece is made of actual re-constituted stone, taking great pride in making sure the quality of our products is unsurpassed.

WHAT IS RHODIUM?

Rhodium is a hard silvery white and durable metal that has a high reflectance and does not normally form an oxide. Rhodium finds use in jewelry and for decorations. It is electroplated on white gold, platinum, sterling silver and brass to give it a reflective white surface and in order to strengthen the metal from tarnish.

Lifetime Guaranteed. If the image on your porcelain Life Portrait ever fades, just return the portrait for a free replacement.

Additional fees apply for artwork cleanup, repair, combining of multiple subjects and removal of backgrounds.
