By the time you get this newsletter Christmas will have come and gone. We have a full house of women and children and I know that God met every one of their needs because He always has and always will. Let me take this opportunity to bless all of you who blessed all of us over Thanksgiving and Christmas and all year long.

His Nesting Place Church is back in operation after our absence of 14 months and I have to tell you that it feels good. Last Sunday four of our mothers gave their lives to Jesus for the first time and a few days ago Judy and I had the joy of saving a baby from abortion at the abortion clinic. The young lady was only 17 years old.

The year 2014 is close upon us. I'm so glad that God has kept us by His grace. We are busy doing everything we can to improve His Nesting Place, it's our desire to make it the best it can possible be so that the ministry can bring honor and Glory to Christ. Thank God for the safe haven of His Nesting Place.

If you walk into the Allegheny Reproductive Health Center, an abortion clinic in Pittsburgh, you will see something that defies belief to any morally sane person. Fastened to the walls are row upon row of pink hearts, notes from mothers to their children.

One says "I will see you in heaven sweetheart, I love you" Another says, "I know your spirit is in a better place, each tear I cry will help me erase the memory of this place, but not you. You will always be a part of me even though you are not with me". It was signed "All my love the mom you will never meet." It's hard to believe, but these notes are from mothers who are offering their tender tear-stained good-byes to the children they are about to destroy.

Frances Schaeffer years ago made this observation, "what was unthinkable yesterday is thinkable today and ordinary and common place tomorrow." Thank you for helping us, stay in a field where we are needed most.

We Love You,

Drs. Al and Judy Howard

"God's Grace Working Through His Nesting Place"

Lydia Lee shared her testimony at our recent banquet. She is a former resident who I recently found on Facebook and lives in Salinas, California. Here's her beautiful testimony.

Before I came to His Nesting Place (in 2006) my life was not good. I was tempted to abort my baby because I was using crystal meth and I felt if I'm an addict there is no way I can continue to carry a baby. I was 30 years old, unstable, lost my job, my home, in a bad relationship and almost lost my mind.

During this transition I surrendered to the Lord knowing He's the only one who could change me. I decided to have my son and God made it clear He would take care of me. A lady told me about His Nesting Place and right after that I moved in. "The Lord led me here!" I know because I needed Him in my life. My life changed so immensely and wonderfully. Since I've stayed at His Nesting Place I've been serving the Lord ever since! I am in ministry at my local church and everywhere I go I share my testimony.

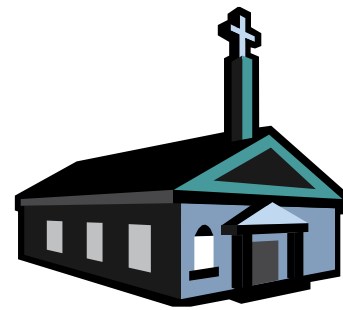

There were so many opportunities at His Nesting Place that helped me: the structure, the daily devotions, church services, life skills and the opportunity to help other women not have abortions.

Since leaving His Nesting Place I have been clean and sober now over 8 years. I have a great job working for Central Coast Visiting Nurses. I also attend nursing school part time and hope to graduate soon. My heart's desire is to do pro-life missionary work anywhere the Lord would desire me to be. None of this would have been possible without God's grace working through His Nesting Place.
