

## FLAG DAY JUNE 14

by Alejandra Trujillos, Student – Stevenson Middle School  
Why the Flag is Important to Me

The Flag is important because it represents freedom. Freedom is important because not long ago everybody did not experience it.

Our country is very lucky to have the right to be free. Our Flag is also important because the stars symbolize the 50 states, and the stripes stand for the 13 original colonies. The Flag represents the history of how we fought for freedom. We show pride and appreciation by saying the Pledge of Allegiance every day. Our Flag represents and symbolizes a lot of things to different people and that is why the Flag is unique and important.

The blind and visually impaired should have a Flag that they can appreciate. Some people who fought in the war for our country are now blind. We should show our appreciation to them by having a Braille Flag. The Flag is important and if we can see it then the blind and visually impaired should have the right to have a Braille Flag that they can feel and be proud of also.
