

Jessica, I wanted to thank you for the note you sent about the cleaning process of my gown. I appreciate that. I also want to thank you for the consistency and speed of your delivery.

Every time I need special services, I feel like a VIP customer. Your drivers made a special trip for us. We needed a specific item cleaned and pressed prior to a wedding and it was a Saturday. That was Incredible. Clothes looked great and same day service pick up / delivery.

Anyhow, I don't want to bore you, but I plan on being a customer forever 😊

Thanks again,

I was looking for a new cleaner because the previous one ruined one of my favorite suit. Bummer!

A friend recommend Nick's Five Star Cleaners and I've been a customer ever since. The counter staff are incredible. Debbie, who works almost every day remembered my name after my first visit. Wow! My old cleaner never remembered.

I also love the way my shirts look and the pricing is very fair.
