## What is a CNA?

A CNA is a certified nursing assistant. A certified nursing assistant typically works in a team based setting with nurses and doctors where they are responsible for attending to a patients' basic needs. Other primary duties includes providing bedside care, assisting with meals, gathering and delivering supplies, completing patient forms, documenting, and communicating with the lead nurse observed signs and symptoms.

## Why Choose Prestige?

Prestige Nurse Aide Training Academy offers a structured curriculum designed for the successful passing of the Illinois State Certification Exam. The comprehensive study guides and class reviews challenges students to critically think, thus enhancing data retention. Our program is presented through a variety of teaching techniques including; lecture, lab, power point, games, and videos.

Our clinical rotations allow students to be interactive while using a hand on approach to help foster a real working career experience.

**Prestige Nurse Aide Training Academy** is affordable and offers a convenient payment plan option. There are no out of district fees or penalties. Our program runs 8 weeks and offers day and evening classes.

Program fee includes;

- Registration Fee
- Lab Fee
- Textbook
- CPR Certification
- Tuition
