To Whom It May Concern

I am Kirk Headley, President of American Pollution Control Corp, also known as AMPOL. We have had the pleasure of having Georg Marcum, Owner, Marcum Enterprises LLC in assisting our company to be in compliance with the Department of Transportation (DOT) rules and regulations.

Georg has worked with our DOT Administrator in performing a DOT mock audit that provided us an overview of our program, identifying our weak areas and addressing them with appropriate action plans. We have since, had a DOT New Entrant Audit Exam and have passed all phases of the audit. I know that this was due to the knowledge and services that Georg Marcum has provided us.

With that said, I would highly recommend the services of Georg Marcum to everyone in any Trucking/Transportation business that is governed by DOT Rules and Regulations.

Sincerely,

Kirk Headley  
President
