- Engineered vinyl provides ruggedness with good color retention
- Five colors to match skirting needs
- Center vent panels offer 4.9 square inches/foot of ventilation
- 25-year limited warranty

EAGLE Vinyl Skirting

Performance Features & V-Guard

Non denting performance polymer skirting is virtually maintenance free. It is weatherproof and never needs painting.

Easy access to the space below the home for convenient storage. Panels are easily removed and reinstalled by sliding or snapping them back together.

Resists winds with superior panel rib design and trim installation components. Designed to withstand gusty winds and blowout.

Optional V-Guard Protector attaches to bottom to prevent damage to panels caused by string trimmers, etc.

Engineered Trim System Components

Style Crest Trim Components provide clean appearance, easy installation and reliable performance while hiding fasteners. The two-piece top trim construction is designed with a spring lock to quickly accept and securely hold Premium Plus or Eagle skirting panels. The ground channel features two rows of perforations for ground spike placement options. Style Crest offers wind stay rods in 12" and 24" lengths.
