Please save this flyer and prayerfully consider having either Dr. Al and/or Judy come to your church, club, organization, or civic group. There are still many churches that have never had a Pro-Life speaker.

We're ready. The time is now! Call us at (562)234-5254 or (562)234-5291 or His Nesting Place (562)422-2137. You can also e-mail us at ahoward@hisnestingplace.org

Dr. Al and Judy Howard the founders of His Nesting Place (HNP), a pro-life ministry in Long Beach, CA. His Nesting Place makes room at the inn, like in the story of the Good Samaritan who brought the dying, wounded man to life when he took him to the Inn. HNP brings women to their "Inn," their home for unwed mothers whose babies would be aborted if they did not. Almost 30 years ago, in April 1983, "Your Mission: Do Something about Abortion" was what Pastor Al heard the Lord speak at a prayer conference. The proof is in the evidence of saved lives as they have obeyed and have been saving children's lives from being aborted almost every day. Thousands are alive that would have perished if they had ignored His mandate.

On January 22, 2013 HNP observed the 40th Anniversary of the infamous Roe v. Wade decision and there are 55 million dead children to show for it. I literally hate to see that date come around.

There are three other anniversary dates right around the corner that make them happy. On April 9 His Nesting Place will be 30 years old and on April 26, Dr. Al will be 75 years young. Also on May 5, Judy and Al will celebrate 34 years of marriage.

Recently Dr. Al stepped out of his role as Pastor at His Nesting Place Church after serving in that capacity for almost forty years. It was a difficult decision for them to make. They want to spend their last years and energy speaking wherever God will open a door.

Jessica's Testimony

My name is Jessica Rodriguez and I am 27 years old. Before I came to live at His Nesting Place my life was in turmoil. I was struggling so much. I had been married to someone who had physically abused me and cheated on me. When he found out I was pregnant, he shot at my house and almost killed me. He was so horrible I wanted to abort the baby just so I would forget him. I made at least four appointments to have an abortion.

How I thank God I didn't. My husband is now in jail for 15 years for attempted murder. I prayed very diligently for the Lord to open up a door for me to be in a safe and stable environment where I could have my baby and get my other two children back. God has used His Nesting Place to save my life and I am so happy to be here. This place has been so helpful! This is the first chance I have ever had in my life to focus on what's most important - putting God first and foremost.

I am attending a wonderful program every day where I take classes such as parenting, domestic violence, life skills, stress and anger management, etc.

My goals are to have a stable, happy life with my children and to raise them to love the Lord. I also want to become an LVN someday. My son, Gabriel Francis Rodriguez, was born February 27, 2013.

Results January to February 2013: 19 babies saved from Abortion!

Men are getting hurt too! On March 5, 2013, I arrived at the abortion clinic in Long Beach to do sidewalk counseling. There was a 21-year-old African-American man who arrived and, as he got out of his luxurious car, rushed past me inside the clinic. All I was able to say to him was that God can help you. Some pro-lifers who were there with me said he wouldn't listen. At that moment, I briefly prayed and asked the Lord to give me an opportunity to talk to him. Within 15 minutes, he came back out of the clinic. I approached him again and asked him if he would give me a minute to talk to him. He agreed. I felt led to tell him that God is the solution and that He loved him. He broke down in tears and shared with me that he just found out that his girlfriend had aborted a baby when she was five months pregnant. He questioned me again and again. "Why would someone do that?" I responded to him that she didn't want to hear God and it was the consequences of disobedience. He also shared with me that he has a wonderful relationship with God, but fell into an ungodly relationship with this girl. I was very much moved and I felt that God wanted to restore him. I asked if I could pray for him. He agreed. We prayed and he asked God to forgive him.

He asked me, "Would you remember me in your prayers?" With tears rolling down my face, I told him I would as I would not forget him ... because his name is Chris, the same as my own son.

Mama's Good Health Report by Papa

Answered Prayers

On February 27, we received some of the best news we've had in years! As most of you know, Judy has been injecting herself daily with medication for the last several months for her Acromegaly (brain tumor). The medical report for the first time was positive. Her doctor informed her that the blood test results were normal; no signs of abnormal amount of growth hormones in her system. We rejoice in God's goodness toward us. For all of you who have been praying for her, thank you, and thank you for your continued prayers. We deeply appreciate your love and support toward us.

God Bless you,

Dr. Al Howard
