"And it shall come to pass afterward that I will pour out My Spirit on all flesh; Your sons and your daughters shall prophesy, Your old men shall dream dreams, Your young men shall see visions" Joel 2:28

On the evening of January 3rd, 2013, I had one of the more vivid dreams I've ever had and it had to do with our newly-elected president, Barack Obama, and his wife Michelle.

The dream started with my being in a large, almost stadium-size building. I was attending some kind of an indoor event where a number of speakers were assembled, and those speakers included the President of the United States. I was seated perhaps a hundred feet from the President, close enough that I could see him well. He had a number of people around him and some of them were Secret Service Agents.

I was looking at him and he saw me looking and waved. I made gestures and motioned to him that I would like to come over and speak with him. To my surprise, he motioned for me to come over and sit in the empty seat next to him, and I immediately got up and did so. The President greeted me and asked, "What can I do for you?," which gave me an opportunity to address him.

"Mr. President, you have been, in my eyes, one of the most disliked people that I know of. I have held you in disdain and grieved over you being elected to a second term, much less a first term. You and I are about as far apart as two people can be when it comes to our political and moral views." I spent a few moments talking to him about my views and my work for the past thirty years at His Nesting Place. I remember him saying, "I'm sorry you feel this way."

Then I suddenly started speaking to him about things I had not ever entertained before being granted an audience with him. I said, "Sir, I am speaking to you now by the power of God's Holy Spirit and this is what He wants me to tell you. I am to love you, pray for you and do anything I can to help you. With God's help, you have it within you to be the greatest President in American history. It is your decision whether to be or not to be. This is what the Lord Jesus Christ wants me to tell you. Thank you for allowing me this time with you!"

A strange look came over his face as he motioned for several agents to come over and take me to his wife Michelle, who was with her children, quite a distance from where he was seated. Then he spoke to me and said, "Tell my wife exactly what you said to me and I'll talk to you again."

The agents took me to where she was seated and I could hear them as they spoke to her. "Ma'am, the President asked us to bring this man over and have him tell you what he told your husband." She listened respectfully with a big smile on her face and then thanked me for my word without responding, but she summoned a small group of ladies who were with her and had me share the same with them.

I excused myself and asked one of the agents where the restrooms were. He motioned that it was a considerable distance from us. I took off across the stadium at full speed when I realized that the same agent was running after me. He caught me and held me up against a wall, almost lifting me off the floor. He put his face very close to mine and asked me, "What did you say to the President?," and once again I recounted word for word what I had said.

The Agent released me and said, "I overheard the President say to those around him, 'the man who was sitting here beside me shared some words that have changed my life forever. I will never be the same.'"

And the dream ended ...

Dearest beloved friends and supporters of His Nesting Place from my heart to yours

How I thank God for each of you for making His Nesting Place one of the great life-saving and life-providing ministries in the world! I especially thank each of you for praying for me and agreeing for me to be completely healed of this disease of acromegaly. I am praying the promise of Psalms 103: 1-3: "Bless the Lord, O my soul; and all that is within me, bless His Holy name! Bless the Lord, O my soul, and forget not all His benefits: Who forgives all your iniquities, who heals all your diseases," as well as Psalm 91, daily. Pastor Al and I love the mothers and children He has called us to care for and plan to minister as long as He allows us!

Just a few years ago, I know I heard "crystal clear" the voice of the Lord speak to my heart. "Let go of the reigns so I can multiply you." We were asked last year to open a home in Bakersfield, the Kern County area, with over one million residents. They have not had a maternity home in over eight years and many women come here from this area, two and a half hours away.

We have been asked to help in the Lancaster/Palmdale area, and in the San Diego area as well. If more babies are to be saved, then more women are to be housed, loved and cared for, and this is our goal and vision – to see what we are doing here in Long Beach spread all over the country and even the nations! We especially want to open a home in Israel as there are fifty thousand unborn babies aborted in Israel each year! We ask you to pray for this to become a reality for His honor and glory.

God bless you.
