As most of you know, over the past 30 years, His Nesting Place has housed, loved and cared for over 7,400 women, children and their babies. They have come to us from all over the United States and even other countries, England, Russia, New Zealand, Australia, Guatemala, Zambia, Africa, Mexico, and Belize to name a few.

As I'm sure you can imagine, what we have done in these last 30 years has not been easy.

1. We have raised a large family of our own.
2. We have been Pastoring the same church for just under 40 years.
3. We have kept a witness at our local abortion clinic all these 30 years.
4. We have been involved in every aspect of the Pro-Life movement, in the first four years traveling extensively, debating Pro-Choice people on radio and television.
5. We have spoke in hundreds of churches and especially Catholic Churches.
6. Twenty five years ago we had the **only Pro-Life radio program in America for 3 1/2 years**. We have gone anywhere and everywhere the Lord opened a door, with the message that we're supposed to fight for life simply on the basis that we are Christians and **God's word tells us that we are accountable and responsible** to be a voice for those who have no voice.

I truly believe that **the silence from the pulpits of America is deafening and also breaking God's heart**. I was talking to one of our supporters just yesterday. Her words: "**Pastor Al, I truly believe that what we're seeing happen across our great country, the division between the House and the Senate, the President and those he serves with, American people and true leaders**, is directly due to our shedding so much innocent blood and violation of so many of our covenants between God and ourselves." The thing that has baffled me most is the **Pastors who remain silent during a real Holocaust in America**.

Fifty six million innocent babies have perished and the killing goes on every day at the death camps of America. Do we really believe that there will never be a move from Heaven, because my Bible tells me that **God will hold us accountable?**

Proverbs 8:33 "Listen to my instructions and don't ignore them."

Proverbs 18:5 "It is not right to acquit the guilty and deny justice to the innocent."

Proverbs 24:11-12 "Rescue those who are unjustly sentenced to die, save them as they stagger to their death. Don't excuse yourself by saying, "Look, we didn't know," for God understands all hearts, and He sees you. He who guards your soul knows you knew. He will repay all people as their actions deserve."

Proverbs 31:8-9 "Speak up for those who cannot speak for themselves; ensure justice for those being crushed. Yes, speak up for the poor and helpless, and see that they get justice."

For all these years I am continually asked two questions:

1. What can I do to get my church involved?
2. Why will my Pastor not address this Holocaust?

We've just returned from Wenatchee, Washington, a city of about 55,000 people, a city void of anything Pro-Life, where Judy and I spoke to about 100 people. I was personally approached by three different people who asked why their pastors are not speaking on this great American tragedy. Why is this the untouched subject of so many churches? Why is it not politically correct to talk about abortion? My answers were that pastors are not convinced that this is their duty. Many so-called churches are on the side of abortion and, believe me, they are speaking out. They are not silent.

Why is it so politically incorrect to speak about abortion? Because we sit under a government and a President that is not silent at all on their position (pro-choice) and provide masses of money for those who do abortion, such as Planned Parenthood - one million dollars a day of your and my tax dollars.

We pray and believe abortion will, by God's grace, end in America! Money will stop being funded for baby killing and instead be used to save and support lives such as His Nesting Place. God bless you for being a friend to the babies!

Love,

Dr. Al and Judy Howard

## The Abortion Center Testimony...

Praise God that "all things work together for good to those who are called according to his purpose." My name is Barb McGuckin, the CEO and Founding minister of "The Jabez Foundation Ministries" of Apple Valley, California. Recently I had the privilege of meeting Dr. Al and Dr. Judy Howard of "His Nesting Place." What an honor to sit down and fellowship with them.

Not knowing how much we had in common or what was about to occur, I share my testimony. In 1995, after moving from New York to California, I landed in Newport Beach accepting employment by Family Planning Associates Medical Group. At that point in my life, it was the only job that offered employment opportunity, so I accepted the job as a Medical Assistant. My responsibilities were to simply take vital signs that consisted of taking blood pressures, pulses, & respirations. I was one of the first stations that many stopped at before entering the rest of the clinic. At this point in my life I was what the Bible calls a lukewarm Christian. I didn't really take the time to think what actually was being facilitated after my job was done. When I take the time to think about it now, it was a form of denial for the sake of a salary. I minded my own business, following my job description, ignoring what was actually occurring within

the clinic walls. Now the Lord Jesus Christ was going to have His way in this matter, but I just didn't know it yet. For approximately a period of nine months I found myself being promoted into different departments of Family Planning Associates Medical Group. I did not understand what was happening, but God was moving me closer to my Victory and Deliverance! I moved to the next promoting station, which was the recovery room. There my job was to remove the patient from the surgery room, keeping a record of vital signs as I observed excretion of blood flow from the woman's body as she was in pain from the abortion. I was under supervision of a nurse on staff. I again just follow my job description. To the world, my promotions within the company were looked at as a success, but according to the Word of God they were a demotion. I soon was about to really face what this job was really all about! Abortion put nicely "MURDER!" As the promotions keep occurring I simply went with the flow. I did not know who I was in Christ! I now worked in the Surgery, observing the Anesthesiologist inserting IV's so the patients could lightly be put to sleep for Surgery. In my surgery room we did anywhere from 50 to

70 abortions per day. Now mind you we had two operating rooms in the clinic. I then learned all the instruments and procedures step by step I stood by the operating table as many doctors did surgery, including Dr. Edward C. Allred, M.D. which is the Founder of F.P.A.M.G. With this job description I comforted the patient through social, emotional support as tears would surface because they really didn't want the abortions. Some of the patients would share their lives and it basically looked like this: They had no hope because they presently had no unconditional love from their husbands or boyfriends. There was no home to go to unless they aborted their baby! As an employee of the company, I worked two clinics. On Saturdays I happened to notice pro-life participants who stood outside the clinic, faithfully doing what they believed. I never paid attention but just did my job. At this point in my life, things were

complicated and I had a mindset of simply keeping my job. Life was complicated because of being a rape victim, but Victory was on its way! My heart was heavy because I believed that I was pregnant by my rapist! Things were going through my mind as I was emotional. Victory day was now approaching as I did my job, working with a Dr. Weiss. Little did I know what was approaching! I worked the surgery room as usual but one thing was different. Dr. Weiss explained that we needed

to examine the specimen. Imagine that - a specimen, not a baby! Ok, so now Dr. Weiss holds a baby in his hands that is approximately one and a half inches tall and has no breath. I could see the little fingers and placement of the baby's eyes. Before I realize what I said, I knew I had Dr. Weiss's attention. I had respectfully given my two weeks verbal resignation notice and never returned to work for an abortion or to work. Thank God I was not pregnant with my rapist's baby and the Victory was all because of the one true God, Jesus Christ! To God be the Glory!

Remember one thing: God will have the Glory whether you like it or not! It's better to go with the flow of God than fight against your Victory. I thank God I have the opportunity to be a Blessing to "His Nesting Place" by volunteering.

Blessings & Prayers,

Barb McGuckin
