

Any adult or puppy sold as a Competition Prospect will be subject to our standard [Full](#) or [Limited](#) Contract, according to which registration you choose.

In addition, we will guarantee the dog to have the ability, *with proper training*, to be able to compete as you've told us you want to. For example, if tell us you want an obedience prospect and (heaven forbid!) the dog just can't learn obedience, or perhaps doesn't have the temperament suitable for competition, we will replace it.

Also, should the dog develop any physical condition which would prevent it from performing in the manner for which you purchased it, we will replace it, even if sold on a Limited Registration.)
