April 27, 2012

To Whom It May Concern:

We have worked with Mr. Ray Kelly, the principal of, R J Kelly & Associates, on several projects over the past eight years. They have always conducted themselves in an outstanding professional manner and have been a very responsive partner in the design and construction process. They are professionals with integrity, passion and excellence in their field. I would recommend them highly to anyone looking for design and construction management services.

Please feel free to contact me at 814-352-7553.

Sincerely,

David Shaulis
